CONTRACT FOR A COMPLETE EQUIPMENT OF CHECK BOOKS AND COUNTER CHECKS ALSO DRAFTS HAS BEEN AWARDED TO THE PRINTING DEPARTMENT OF THE SEA COAST ECHO, BAY ST. LOUIS.—BANK WILL USE NOTHING BUT THE BEST OF SAFETY PAPER.

The Hancock County Bank, of Bay St. Louis, is a believer in patronizing home industry. This is exemplified in the order that it recently placed with the home printing office, when The Sea Coast Echo was awarded a contract for many thousands counter checks and checks in book form.

While The Echo has handled many a large order for firms and corporations at home, in the county, and away, this is perhaps one of the largest orders that has come its way, and that such an institution as the Hancock County Bank, with branches at Logtown and Pass Christian, has seen proper and to its advantage to have this work executed at home, is a recognition that must be lost sight of—and speaks well for the spirit of the bank and the men who are behind it. There is entirely too much money going out of the city and county every year for stationery and printing, and this in view of the fact that our printing department is far better equipped and more modern than many of the firms away who receive these orders for some reason or another—generally under an impression of some kind or another.

But the Hancock County Bank's enterprise does not stop here. Some time since the directors decided that a check, since it is so important a representative of the customer and the bank as well, and since it carries so much significance and dignity that it should be made of the best material. Hence the bank officials decided upon the adoption of National Safety paper. This handsome paper has not only a telling appearance, but it offers a protection to all concerned in the making of the check. The paper is just as its name implies, a safety paper. Expensive, true, but the Hancock County Bank, says it is worth it. Hence customers of the Hancock County Bank will in future be provided with check books and counter checks printed on safety paper, two colors of ink, and the color of the paper primrose. In all, the check is chaste, yet very handsome and dignified and its appearance will be compelling and telling.

While Echo printing is always of the best, it is not expensive. Before placing this order with The Sea Coast Echo, the Hancock County Bank communicated with other firms in order to get a line on cost, and in every instance the Bay St. Louis price and the goods were more advantageous to the bank. The bank says, "its money is the people's money and it is going to keep the people's money at home."

Let us figure on your next order for printing.

WHILE DRIVING ALONG BACK ROAD NEAR NICHOLSON AVE. LATE SUNDAY AFTERNOON—DRIVER, IN EFFORT TO SAVE PEDESTRIANS IN STREET, LOSSES CONTROL OF BIG CAR, DASHES INTO TREE THROWING OCCUPANTS FROM THEIR SEATS TO THE FRONT.

As a result of an automobile accident Sunday afternoon, at a late hour, Mrs. R. S. Blaize was severely cut across the top of her head and forehead and severely shaken up, and her daughter, Miss Inez, was bruised about the face, and front teeth broken. Mrs. Blaize was sitting in the back seat, while Miss Inez sat in front along side of her father, who was driving the car.

It appears Mr. Blaize was out driving with his family in his handsome new Buick car on the back road, along the railroad tracks. Passing Nicholson avenue intersection, going south, a number of ladies and children were walking in the middle of the road. They seemed to be unconscious of the car which was rushing onward and with no apparent effort of taking care of themselves when the car was close enough to be observed, Mr. Blaize, with presence of mind, and quicker than it takes to tell it, swerved his car to one side.

This move was made so quickly and the situation so tense he lost control of the car. Thinking he was pressing his foot on the brake, he was "stepping" on the accelerator instead and the speed of the car was suddenly and violently increased. The big car swerved from side to side. The danger on the right side was the ditch. In an effort to keep the car from being ditched he steered with all might to the left and the result was a sudden impact with the trees on that side.

The car forced its way a few yards, scraping trees, tearing fences, running board and the knobs of both doors on that side and finally a sudden compact with a stout pine stump brought the car to a stop, after a severe jolt which threw the occupants from the back seats and over to the front. Striking the windshield and frame, Mrs. Blaize and daughter and children were painfully hurt. Mr. Blaize held the steering wheel and in this manner remained in his seat and escaped unhurt.

The injured ladies were taken to their home in Esterbrook street, this city, and a physician sent for. Dr. Lewis, the attending physician, states Mrs. Blaize was more hurt than the others, and at this writing, during the middle of the week, she was reported as doing well.

The car, needless to say, was badly damaged, amounting to several hundred dollars, but Mr. Blaize cares little for this since his family escaped from what came near proving more serious than it was, and possibly fatal.

It is unfortunate pedestrians do not take more care of themselves when walking in the streets. Any automobile driver knows that the average person who walks in the street, it would seem looks to the automobile driver to take care of them.

It strikes us as rather daring at times and it is a wonder people are not killed and more accidents of the kind here mentioned do not occur.

Old Smiles says that on them 2 days he's going to take a long nap, and Joe's boy won't even have to water the sidewalk; affidavits will all be locked up in a Webb-proof safe, and the Gran' Jury are going to quit grinning.

And, say, Red, we are going to have lots of the cutest little, Hoo-Boo-Loo-Leens to pass around the Rats and Drunks what you ever laid your peeps on. Said 'Leens will also pass around the papers what will give you a chance to own anything from a Vampyr Doll to a cow what gives buttermilk—now, you're laughing, why, what would you expect a good cow to give but 'er milk?

Wise up the multitude, Red, and have 'em tied in, for the Stars are going to shoot on both nights, and the saucier gang won't be found on this side of Timbuctoo, everything will be on the razz and wide open, and it don't make a darn which away you pass your hat.

ANNUAL DEMONSTRATION OF THE COUNTY INDUSTRIAL WORK WAS HELD SATURDAY AT THE VALENA C. JONES COLORED SCHOOL—H. O. M. MAKERS' CLUB INSTRUMENTAL IN THE SUCCESS OF THE EXHIBIT—PRINCIPAL G. W. BROWN DIRECTOR OF WORK.

On Saturday, August 6th, the annual demonstration of the county industrial work was held at the Valena C. Jones High School, Bay St. Louis colored public school house. County Demonstration Agent, Caroline L. Booth was in charge, and demonstrations in sewing, cooking, bed-making and other phases of house-keeping were given. Between eighteen and twenty-five girls from the various schools received the benefits of the two weeks' short course given previously to the demonstration.

The Board of City School Trustees, Hon. S. E. von Ehren, president, granted the use of the school building for the work. Members of the Home Makers' Club helped to fit up a part of the building as kitchen, dining and bedroom in a most practical manner. The whole arrangement and the work exhibited was a pronounced success and should assure good results.

The Home Makers' Club, now in its second year, has undertaken to raise money to assist the city in fitting out a complete industrial department in the school building, which is, to say the least, commendable, and will prove of moral and material benefit to the city. This part of industrial work is part of the public school work, and is practical for present and future purposes.

The colored school has made gratifying progress in all branches under the direction of Principal G. W. Brown, who labors in and out of the school session for the industrial advancement of the boys and girls, believing, and practicing his belief, that the future of the colored boy or girl is in their knowing how to work in practical and economical endeavor. He has added the industrial department to the school and it bids fair to materially stimulate ambition and increase the popularity of the school.

State of Mississippi, Hancock County. On motion duly seconded and carried, the following was unanimously adopted by the Board of Supervisors at its August, 1921, meeting:

WHEREAS, it is necessary to borrow money for Hancock County to meet the expenses of schools for the current year;

Now, Therefore, be it resolved it is the intention of the Board of Supervisors of said County, on August 6th, 1921, to borrow \$20,000 for the General School Fund in anticipation of the taxes for the year 1921, to defray the expenses of said year; to issue the negotiable note of said county, maturing not later than February 15th, 1922, and bearing not more than 6 per cent interest per annum.

The Clerk of this Board will publish a certified copy of this order as required by law, so that the adult tax payers of said county may protest if they desire.

Ordered by the Board that the following amount be allowed and paid out of the General School Fund as per bill on file, examined and approved, to-wit:

T. E. Kellar, salary 135.35 State of Mississippi, Hancock County.

The Board of Supervisors met in the Supervisors office in the Court House in the City of Bay St. Louis, said County, on the 1st day of August, 1921, being the first Monday of August, 1921, and it continued in session from day to day hearing objections to assessments, taking testimony of witnesses and examining books, records and papers with reference to the assessments of property. It made such changes in the assessments, (as fixed by it on the rolls at its July, 1921, meeting) that it was satisfied should be made the assessments of property as its actual value so as to establish an equality and to fix uniformity of taxation according to value among the taxpayers of said county. Now, being satisfied that said assessment rolls contain assessments, fair, equal, uniform and just, according to the value of the real and personal property therein described, it is, therefore ordered that the said rolls and the assessments thereon now contained be and they are hereby accepted, approved and made final, and the final Reapportionments of said assessment rolls be certified to the State Tax Commissioner on the blanks furnished by him.

Ordered by the Board that the Board adjourn until Board in course.

DEPT. AGENT FINDS DAY OLD GIRL BABY

H. P. FARRY, R. K. AGENT FOR L. & N. AT PECAN, MISS., HAS ADOPTED DAY OLD BABY HE FOUND ON TRUCK AT RAILROAD STATION.

Anyone wishing to claim the child which was found by H. P. Farry, agent for the Louisville and Nashville Railroad at Pecan, (Miss.) just east of Pascagoula, will have a hard time now as both Mr. Farry and his wife are attached to the infant which they are going to adopt as their own. They have no other children.

The finding of the child, one day old baby girl, was made by Mr. Farry as he came to his work Monday morning. It was discovered lying on the station truck wrapped in a sheet with a man's handkerchief about its body. No clue was left leading to its identity according to information furnished E. H. Tardy at Biloxi. When Mr. Farry took the child home to his wife she was so tickled at its arrival that they both decided to keep it and give the infant a good home.

This is rather a rare occurrence to find a new born baby upon a rough railroad truck at a station not even prepared for shipment to any place, and for such an act the guilty ones should receive just punishment if caught. The finding of the child caused considerable excitement for awhile in the village but soon quieted down when Mr. Farry consented to keep the child as his own.

THREE STILLS TAKEN.

Stills in Pass Christian and Biloxi brought forth three violators of the law which resulted in the arrest of Will Benevides and George Dupison in Pass Christian and "Blacksmith" Frank at Biloxi, all of whom have been placed under bond of \$250 each to appear before the Harrison County grand jury.

MANY KNIGHTS ATTEND.

John Schwenck, secretary for the Biloxi Council Knights of Columbus, and also secretary to the state association and delegate to the supreme council in San Francisco, stated that the attendance had reached a total of 60,822 delegates from all parts of the United States.

HOW BIRDS ASSIST FARMERS

Woodpecker Family Render Great Aid in Destroying Beetles, Borers and Other Pests.

Now that spring is coming it is well to remember what you owe in the way of kindness to the birds that worked for you through the winter. Here is a list of but a few of those that helped to keep your orchard clean.

Woodpeckers—They destroy bark beetles. Downy woodpecker. Borers are his meat. He's "up and at 'em." Hairy woodpecker. He paid well for any nut or sunflower seed. White-breasted nuthatch. Cleans the bark diligently. Brown creeper. Searches bark for insects and eggs in winter. Chickadee. Leaves no insect eggs on the boughs.

LOCATION FOR NEW ORCHARD

It Should Be Placed on Good Ground and Convenient to Farm Dwelling House.

Have you decided on the location for your new orchard? Do not choose the poorest land in the most neglected portion of the farm, but place the orchard on good ground convenient to the house. You will find yourself taking greater pride in seeing that it is cared for properly. A good orchard, besides affording much pleasure, yields returns more than sufficient to pay for the care that is bestowed upon it.

NOTICE TO CONTRACTORS.

Official notice is hereby given that the Board of School Trustees of the Kiln Consolidated School has authorized the sale, and will sell at public outcry to the best bidder and advantage of the county for a teachers' home, at Kiln Consolidated School, Kiln, Miss., as per plans and specifications now on file at the secretary's office, at Kiln, Miss. Said bid for the building of a teachers' home will be auctioned off by the secretary at 2 o'clock P. M., on MONDAY, AUGUST 15, 1921, without further notice.

The successful bidder will be required to furnish bond in equal amount of the bid.

The right is reserved to reject any and all bids.

Respectfully submitted, F. FUENT, Secretary Board, Kiln, Miss., July 23, 1921.

SPECIAL SERVICE THURSDAY.

The service for the late Very Rev. Alphonse Kettles, took place in the Church of the Nativity, in Biloxi, Thursday morning at nine o'clock. The services consisted of solemn requiem high mass sung by Very Rev. John M. Prendergast, assisted by Fathers Henry Morlier and Leech. Rev. John J. Igoe, D. D., McComb City, acted as master of ceremonies and the sermon was preached by Rev. H. A. Sweeney, of Gulfport. Many and all of the friends of the deceased were present.

CRISINGER'S "FAT ERA"

Editor Sea Coast Echo:

Comptroller of the Currency Crisinger, at a recent convention of National Association of Supervisors of State Banks, held in Philadelphia, stated: "The United States is about to realize an epoch of great activity."

Present indications are Mr. Crisinger is correct. Now it is our duty to wait for good times to come, but get to work to bring them about.

There are a certain class of unfortunates that I always manage to give plenty of room, among these we have the "Hard Times" howler. He is one of the worst enemies of mankind. How ready he is—if you will listen to him—to tell you how hard it will be for all this winter.

And of what type is this generous news agent? He is one of the "Do Nothings." Times are hard with him—why? For the simple reason he is too lazy to try to improve his condition, and is content in trying to make others miserable. Thank goodness we have but few of these pests at the Bay!

When the Kiln gets underway—which it soon will—things will "pick up." Already a good deal of building is going on, projects of every nature are under advisement, and as the summer nears its end, we plan for the comfort of the Cityfolk.

They will have new amusements, better roads, free from shell dust, shady, and we hope to give them the Beach road. It will pinch us a bit, but realizing one of the most valuable assets that go to make a summer resort a success is badly lacking, we see the necessity of improving our beach road.

There are certain demands an automobilist must have fulfilled if we are to induce him to spend his summer with us, and the greatest of his demands is that of GOOD ROADS!!

We have first-class service stations; the wants of the automobile can readily be supplied. All that we lack now is that "One time beautiful ribbon of white that extended from Cedar Point, near the old Dunbar Factory site, to the Jackson House, the end of a perfect drive—a distance of about eight or ten miles.

Co-operation is the watch-word, and a firm conviction all things are possible with a little work, will bring about the desired goal that will make Bay St. Louis the summer resort of the Gulf Coast.

SPRAY ESSENTIAL IN SPRING

All Fruit Trees Should Be Given Application of Some Kind to Kill San Jose Scale.

All fruit trees except sour cherries, since they are seldom attacked by San Jose scale, should be sprayed with either commercial concentrated lime-sulphur solution diluted with seven parts of water, or a good miscible oil diluted with 15 parts of water, during March or April, before the leaves expand. Thoroughness of application is essential to success.

The figure 8 frowns on old-fashioned washday methods. For it is the magic figure in the 1900 Cataract Electric Washer which forces the water back and forth through the clothes, in a perfect figure 8 motion four times oftener than in the ordinary washer.

The swinging wringer is reversible, and also works electrically. The copper tub hasn't one single part in it—nothing to lift out and clean after the wash is finished!

LUXURY TAX LAW TO BE REPEALED ON ICE CREAM, CLOTHING

(CONTINUED FROM PAGE ONE)

taxes and \$120,000,000 transportation taxes. As an offset against all these reductions, estimated increase in all income included \$262,000,000 from the proposed five per cent increase in the corporate income tax to offset the excess profits levy, \$70,000,000 from customs because of the new tariff law, and \$60,000,000 from the sale of surplus war supplies.

The net loss to the government in this fiscal year on this basis would be \$458,000,000 if the repeal of the excess profits and higher income surtaxes were made retroactive to last January 1st, but it was said that sentiment to defer these repeals until next January 1st was growing. Should the committee finally decide to postpone the date of these revisions, the net loss in revenue on the basis of this set of figures would be \$180,000,000 leaving the total net income for the fiscal year at \$4,110,000,000, exclusive of postal receipts estimated at \$500,000,000.

On motion of Alderman W. C. Sick and seconded by Alderman L. C. Carver the following resolution was adopted:

Whereas, the returns of the election to determine whether or not the City would issue \$93,000 or so much thereof as is necessary for Water Works purposes voted for the issuance were returned to the Board as follows: One hundred and forty-seven (147) for said issuance and one hundred and six (106) against issuance, and it appearing that the qualified voters of said city have voted for said issuance in the manner provided for by law; Be it therefore resolved that the Bonds of said City be issued for Water Works and ordered sold in the sum of \$93,000 or so much thereof as might be necessary and in lots and denominations and to fall due and with rate of interest to be provided for at a later date.

On motion of Alderman Leo Blaize, seconded by L. C. Carver, and carried, the following ordinance was approved:

ORDINANCE NO. 86.
An ordinance providing for the inspection of milk cows, milk and dairies, making the inspection compulsory, creating the office of milk and cattle inspector and making it a misdemeanor for a violation of the provisions of this ordinance.

SECTION 1. Be it ordained by the Board of Mayor and Aldermen of the City of Bay St. Louis that all persons, selling, giving away, or exchanging milk shall have their milk cows inspected by the City Inspector once each year to ascertain if the cow has the disease known as Tuberculosis or any other infectious or contagious diseases.

SECTION 2. That no person shall sell, give away or exchange milk for use, from any cow without first having a certificate showing that such cow or cows have been tested or inspected by the City Inspector and the said cow or cows are free from Tuberculosis and all other infectious or contagious diseases.

SECTION 3. That all persons selling milk shall have their places where milking is done or the milk cows are kept, in a clean and sanitary condition and no person shall sell give away, or exchange milk to any one for consumption without first obtaining a certificate from the City Inspector, that their place, grounds, building or dairy, where the milking is done, or the cow or cows are kept, is in a clean and sanitary condition.

SECTION 4. All cows inspected shall be appropriately marked or branded by the City Inspector.

SECTION 5. It shall be unlawful for any person to sell, give away or exchange milk taken from a cow infected with tuberculosis or any other infectious or contagious disease.

SECTION 6. Persons owning a milk cow or cows shall pay the City Inspector two dollars for each milk cow inspected.

SECTION 7. The Mayor shall appoint a City Milk and Cattle Inspector and his appointment shall be ratified by the Board of Mayor and Aldermen. The term of office of City Inspector shall be one year.

SECTION 8. All persons violating any of the provisions of this act shall be guilty of a misdemeanor and upon conviction shall be fined not more than one hundred dollars, or sentenced to serve not more than thirty days in jail, or both such fine and imprisonment.

SECTION 9. That this ordinance take effect and be in force from and after its passage, and each person shall be notified and given notice.

Approved in open Board this 6th day of August, 1921.

S. J. LADNER,
Secretary.

Moved by L. C. Nations Growth Due To Railroads

Said The Late Franklin K. Lane

Franklin K. Lane

"This country cannot grow without adequate transportation facilities. The railroad is our common highway; it is not a concern in which the farmer and the manufacturer alone are interested; it is an essential to the commercial life of our people, almost as necessary as the land itself, for we have grown up as a people to be physically dependent upon our railroads. No other people are so bound up as we in economic inter-dependence. No one community in all this land lives to itself. We have grown as railroads were built. We have made a community of a continent."

America's Roads First In The World

Said Eminent English Railroad Authority

"It has always been my opinion that in actual economy of operation the railways of the United States are first in the world. In the number of tons per car, cars per train; in the fullest utilization of locomotives; in the obtaining of the greatest measure of result for each unit of expenditure, they are not equaled by the railways of any other nation. When the Greek commanders, after the battle of Salamis,

The above quotations from two eminent authorities, Franklin K. Lane ex-cabinet member and one of the big men of the past quarter century—and W. M. Ackworth, said by President Hadley of Yale to be the highest authority on the railways of Great Britain—are published as part of an informative campaign about railroads in general and the Louisville and Nashville in particular.

The part that the L. & N. has played in the development of the territory it serves is told by the increase in land values; the population growth of the cities on its main lines, and the development of the great Gulf Coast territory between Pensacola and New Orleans.

ONLY BEST PUREBREDS SOLD

Some Breeders Insist That Every Animal They Buy or Sell Must Pass Standard.

So strongly has the purpose of the better-sires campaign, now being conducted by the United States Department of Agriculture, appealed to some breeders that they are not content with purebreds only, but every animal they buy or sell in addition to being a purebred must pass a standard of excellence. The methods of one breeder in Upshur county, West Virginia, according to a report received by the department, illustrate this tendency. This breeder has a fine herd of Angus cattle. All calves which fall below the standard of excellence that he has set are not registered, but are either castrated or sold on the open market as common cattle.

CITY ECHOES

Meet us at the City Park September 5th.
Mr. R. N. Blazie, recently arrived from Houston, is preparing to enter the drug store business.

FOR SALE—Horse, harness and sundries, good condition. Apply at Waveland Postoffice.

LOST—One combination vanity case and pocket book, initials there on "B. H. L." Finder return to Echo office and receive reward.

Mr. Randolph W. Firsching has returned from an extended visit to North and East, and reports an interesting and most enjoyable time.

Miss Virginia Henry, of Jackson, Miss., who is spending the summer at Gulfport beach, came over Thursday night to attend the benefit dance, and visited friends in Carroll avenue.

Rev. and Mrs. Bullock, of Lake Charles, La., are spending the month of August in Bay St. Louis. House guests of Mrs. M. Bridges in Ulman avenue. Rev. Bullock is visiting the pulpit at Trinity church in New Orleans.

Mrs. S. F. von Ehren, son and daughter, Mrs. Ira Colley and baby, have returned from a delightful trip and stay in Chicago. There they visited their relatives, Mrs. and Mrs. Ernest von Ehren.

Mr. and Mrs. Terrell Perkins have taken active possession of their handsome new bungalow on the beach front, which was recently completed. It is one of the handsomest and most attractive of the better homes with the interior and furnishings it is the very last word in "the home beautiful."

Mr. Otto Fayard and family left a few days since for a motor trip down into Florida. Greetings from Pensacola convey the information they made the trip very pleasantly. The roads are in splendid condition and in every way the outing is proving enjoyable. They will return at the end of Mr. Fayard's vacation.

Misses Carrie and Irwina Lorch, who left here some weeks since for an extensive trip to Canada, and the West, have been spending awhile at Los Angeles, California, on a three-week visit, and where they are at present. These young ladies are having a splendid and interesting time and are expected home about the early part of September.

The charter of incorporation of the Kiln Mercantile Company, Kiln, this county, appears in the advertising columns of The Echo this week. This is the new corporation of the purchasers of the commissary business of the Edward Hines Yellow Pine Trust at Kiln. The firm is composed of R. D. Love, who will be the active manager of the business, M. L. P. Love and G. M. Williams. The gentlemen have our best wishes for success.

Mr. Chas. J. Pettibone, for several years one of the active and representative employees of the Edward Hines Yellow Pine Trust at Kiln and Lumberton and to whose activity and ability, much of the company's success is attributed, has been rewarded for his long and faithful service by the Kiln Mercantile Company in a manner that reflects credit and honor on the company and reward Mr. Pettibone has been appointed general superintendent of both plants for the company, with executive power. He has been made local head of the company's interest. This will be recognized as good news by the many friends of Mr. Pettibone, both in Hancock and Pearl River counties and elsewhere, and he is receiving the congratulations of all who know him.

Mrs. Ernest J. Leonard has been hostess to a benefit card party at her home on the beach front Wednesday afternoon, when seventeen tables of players contested for the honor of the afternoon, and were amply rewarded with beautiful trophies for their skill. The benefit was for Christ Episcopal Church, head of Carroll avenue, and it is hardly necessary to say the affair was both a social and financial success. Mrs. Leonard has many friends and it was but a matter of course that a large assembly would rally at her beautiful and hospitable home to the call of the cause.

Anticipation for a business revival and a return of normalcy runs high at the Kiln. There is every reason for this hopeful feeling. The big saw mill at that point of the Edward Hines Yellow Pine Trust will blow its whistle, ready for full and active operation, on September 1st, after a shut down extending from December 1st. During the period of nine months extensive improvements and new buildings have been put in by the company, and a system of conveying by electric trolleys put in at a cost of many thousands of dollars. The capacity of the mill has not only been enlarged, but every facility for handling the work has been made a part of the equipment. The return of prosperity such as the operation of the big mill at Kiln will bring is welcomed and hailed with delight.

Success smiled on the benefit dance given at the Woodmen Hall Thursday night by Mrs. L. A. Perrand assisted by a number of her lady and gentlemen friends for the benefit of Catherine Circle, at New Orleans, an organization for the housing and caring of working girls, and which is carrying on a work as extensive as it is of benefit. The dance was largely attended by a representative and fashionable assembly, pronounced one of the most successful of the season. Financially, however, it was not as successful, but suffice to say the affair was both a social and financial success.

Mrs. Ferrandou feels grateful that her call for this benefit was so generously responded to, and has requested The Echo to formally thank one and all for their assistance and to say that she is deeply appreciative of the support and influence of one and all.

CARD OF THANKS.

The officers of the Jas. Hubert Blank Circle of Saint Margaret's Daughters desire to express their heartfelt thanks to the ladies who assisted in making the "cure" a five hundred party held at the Blank Mercantile Home on July 25th such a splendid success.

County Health Officer, John A. Mead was an official visitor to Bay St. Louis during the week. He says there are only three cases of pellagra in the county, and these are isolated cases in the interior. The disease is due to malnutrition. The case is exceptionally good, and sanitary conditions satisfactory. He recommends a sewerage system for Bay St. Louis. The city, he says, is getting too large and the soil becoming literally honey-combed with cesspools, a condition that sooner or later will become a menace to public health.

A special session of the city school board was held Friday night, when the teachers for the colored school were appointed. It was a spirited session. Three teachers seeking reappointment were opposed by the provisions of the principal's annual report, submitted at a former meeting of the board. The board postponed the matter until Friday night, when all concerned were given an opportunity for hearing. The teachers procured the services of an attorney who addressed the board in their behalf, arguing and pleading until the board finally made the appointments but with the reservation that the positions could be declared vacant at any moment during the session for good cause shown.

FOR SALE—Detroit Vapor Stove, five burner, cheap; party leaving city. Telephone 317.

HOO-BOO-LOO LADIES ON THE JOB.

Who's Who and Why—Who's Who and When—Who's Who and How—Hoo-Boo-Lo.

Donations pouring in, tickets selling rapidly, splendid arrangements for a continuous round of pleasure for every one. Don't forget the date, August 19th and 20th, beginning promptly at 5 p. m. Come early and see the fun begin.

Mrs. G. Y. Blazie, chairman of ladies committee, is all ablaze; she's burning up with the Hoo-Boo-Lo fever, and she has set the following ladies on fire, who will serve on the following booths:

CANDY BOOTH—Mrs. J. A. Green, Mrs. P. V. Lacoste, Mrs. C. L. Waller.

They are noted for their candy yell and selling zeal. So don't try to win all the chances on the candy wheel.

ICE CREAM BOOTH—Mrs. G. E. Mader, Mrs. Frank Tarut, Mrs. Peter Tudury.

When you'll see these ladies' faces beam.

They'll be yelling all over themselves, "ICE CREAM!"

CAKE BOOTH—Mrs. A. O. Bordelon, Mrs. Kate Connors, Mrs. L. Franz.

Don't come to this fair unless you're fully awake.

For the ladies above will jam you full of cake.

PUNCH BOOTH—Mrs. J. J. Ritzky. If you ever taken a tip in time or hunch.

Don't think too much Hoo-Boo-Lo munch.

SANDWICH BOOTH—Mrs. Jos. Favre. It's not only bread, sausage and cheese.

But she reserves the right to charge you for success.

RESTAURANT BOOTH—Mrs. E. J. Lacoste, Mrs. Thos. Monti, Mrs. Claud Monti.

These ladies don't eat at their own restaurant.

They leave it to you, so you must not grunt.

LEMONADE BOOTH—Miss Catherine Hoffmann, Miss Ida Edwards, Mrs. A. R. Hart.

Lemonade is made for a circus, they say.

But ours is good stuff, it's made from the Bay.

TOMBOLA BOOTH—Miss Y. Capdevielle, Miss Lapeyre. Tombola is not an Indian name, contrary, it's just a pretty money game.

CIGAR BOOTH—Miss Margaret Green. For spending your money, if you're a slow poke.

Just come to this booth and see it set up in smoke.

BOUQUET BOOTH—Miss Amelia Lucas, Miss Carmen Deben. These young ladies on your coat will pin.

A sweet flower, so stand it and grin.

Fortune teller booth—Mrs. Vallette. If for anything you have your heart set.

Don't fail to see Mrs. Vallette.

TUNNEVILLE POSTOFFICE AND TELEGRAPH—Miss Baby Love, Miss Audrey Brady. They say babies love to gain.

Tune-Villes and Tele-Graphs in conjunction with Miss Brady. You will have money to laugh.

TICKETS—Miss Cecile Bordelon. This little ticket Queen may be seen most anywhere.

You'll know her by her smile and pretty bobbed hair.

HOO-BOO-LOO ASSISTANTS—Beware! Young men, you can hardly resist.

GALA CHURCH BENEFIT IN WAVELAND TONIGHT; GRACE HOME

ANNUAL CHURCH BENEFIT IN WAVELAND WILL OCCUR TONIGHT AND SUNDAY NIGHT AT RESIDENCE OF MR. JOHN D. GRACE'S VILLA—COMEDY BY BERNARD SHIELDS AND OTHER FEATURES.

Tonight and tomorrow night, "Grace Villa" the beautiful premises of Mr. John D. Grace, at Waveland, will be the scene of a gala church benefit for St. Clare's, and while all of Waveland will be there, many visitors from Bay St. Louis will journey to our sister city to enjoy the entertainment and to participate in the big benefit. Summer residents and others of Waveland have planned for a big entertainment, and very indication points to a big success.

During each night the Macabees Band, of Bay St. Louis, will discourse the music for the occasion, and the justly celebrated Bernard Shields will give an entertainment in the form of a comedy entitled "Cur All," in which he will be assisted by the talented young people of Waveland.

This is one of Mr. Shields' best comedy and one that is especially fitted as a vehicle to best show his ability as an entertainer. Mr. Shields is always a drawing card, and this occasion will not be the exception.

In addition to this there will be a character play and dance by the lit-folks. It is seldom that such an aggregation of human fairies is seen as will be presented for the occasion.

As information to the public it might be well to state that entrance to the grounds of Grace Villa can be easily reached from the rear shell road through the woods.

There is a splendid auto road through these grounds all the way and ample accommodation for parking cars.

An admission of twenty-five cents for adults and ten cents for children will be charged. The proceeds will be for the church fund.

It will not only be somewhere to go either Saturday or Sunday night, and a means of enjoying one's self and mingling with the people in social pastime but at the same time will be assisting in a worthy cause.

LOST, gold pin "W. H. Martin" engraved on back. Finder please return to C. A. Breath and receive reward.

COMMENDABLE EFFORT FOR LAUDABLE PURPOSE.

Members of the Catholic church of Bay St. Louis have been working in an effort to free their church from debt and to finish the edifice in a manner that cannot but win admiration from all sides and the unanimous praise of the community.

The church of Our Lady of the Gulf, the original structure, which stood overlooking the vast expanse of the gulf for over forty years, was destroyed by fire some years since, which well nigh wiped away a great part of the business and prominent section of the city.

The new structure, which is being erected, is a fine example of modern architecture, more imposing, spacious, in fact, with all the aspect and proportions of some great cathedral. The new structure, which stands today to his thought and effort, an ornament to the community and a monument of our people to the greater glory and honor of God.

The community, irrespective of denomination or belief, are proud of the building and point to it with pride to visitors.

But to build such a church required money. Even though the building was not finished after it was erected and furnished. This cost some thirty or thirty-one thousand of dollars, leaving a debt of about \$18,000. When Father Prendergast left here he had cut the debt down to about \$12,000. It remained at this figure for some time, and the fact ever remained that the church was unfinished. Recently the Catholics of the community got together with the pastor, Rev. A. J. Gmelch, and under the auspices of the Knights of Columbus organization, a drive for funds was put on. Our readers remember this memorable Sunday in April. The goal set was \$30,000, but the workers and the contributors went over the mark. Approximately thirty-one thousand dollars was raised. WAVELAND BOO-LOO FESTIVAL

Well, old navigator, we are back in port again with our bowsprit sticking over the wharf and jolly boat jumping a jazz in the juicy wavelets to the tune of the merry flappers that flounder in the filmy foam.

You didn't hear from us, merry friend, because we were off in the land of our dreams, basking in the twilight of some Honolulu eyes—step softly, don't wake us up yet.

Red, this little burg is the excitement center, the balmy days, ah, they need it, a boat wait for them, Torpor breezes blow. Why, here just as soon as the excitement gets around normal some enterprising guy races along tryin' to put some expensive in-to-shame, butts into some handy tree and gets every one on the keen edge (except the Garage man, he hops that kind of thing up) then some guy loads up on too much Mule, gets too gay and butts into the waiting artillery what Old men's vanity and gets every one wavin' Wow! You got all that comin' that way, and as soon as that's over the next jell takes the high jumps, and you got it again. Come on, Red, migrate.

I told Peggy O'Neil that I would get her a line on the longitude and latitude of the Busy Buzzer where the all the jumpers hang out, but I just couldn't make connections, Red. You see, I got me a Jane what belongs to the heavens, and every time I look in I'm makin' a sport down Pier-ways, why, this joy-maker sits down on the proposition, Bam! So what are you goin' to do carryin' 217 more than the allowance? You can't expect no futurity winner out of this nag, what? But, never mind, old sox, we're goin' to give her the hinky-dink some twilight and go down to the Pier with our trusty tape measure, and you and Peggy will get the correct dimensions of this part of the landscape. They tell me that the Bear swam out there every 2 hours, and there's 14 queens to every five. Oh! Boy. Ain't you a plum fool about honey?

Red, talkin' about swamin' let me rise you. On the 19th and 20th of this month, the ladies are goin' to back the joy-Sprits off the board with a HOO-BOO-LOO!

I'll jerry you to it: Yee, bo, a Hoo-Boo-Lo, is what you ordinarily call a GO-GETTER, and a GO-GETTER is what would make a daisy separate for separate itself from life on account of its inefficiency. Why, bo, a Hoo-Boo-Lo is simply a Kale distributor and distributor; it distributes the Kale in the wallet and distributes the Kale in the pocket, and what's waitin' for the reception thereof; it is finally a cute little concentrator, what recapitulates the dough in one big wad and, well, then, bo, it's GOOD NIGHT WAD.

Red, there's a lot of things in "Piers," but that's too doggonn tame, the jells want excitement, so a certain guy BLOCK-ed the circuit and evolved the above animal, on account of it's wonderful appetite for manure.

This Hoo-Boo-Lo is to be fought out under the Marquis of Leonard rules, which calls for more than an even break, hittin' in the clinches, O.K. Rittin' and goug'n' O.K., the bigger the bike the better the Bo.

It will be a real fight, a real decision. Some of the most expert HOO's will participate in the mill, and we can look for action from the first gong. Siam and Bayou Gallere will be represented.

Gen'l Scher will be the pitman, and you know he won't stand a hittin' below the belt. (Cant.) The side-shows will contain some horned animals of the human tribe, (what's hornin' in all the time,) a few of the variety known as flap-finders and real Siam swallows, which real chin-whiskers, which will digest a sword what's been in existence since Gen'l Jackson packed his ham down the Mississippi.

If you can run down anything besides your shoe, Red, come, run down here and show these Junipers the way to loosen the Kale. As you see, Red, this Hoo-Boo-Lo is going to be on the continuous, and will make Friday and Saturday look like the Siamers Twink, take a truck of Jones, along with you, and be sure to make your selection from them what's noted for loppin' up Ice cream and cake; and you can take along a lot of house-wives and the
